MILLÉSIME

As you will notice on the label, our Bourgogne Côte Chalonnaise « Les Clous » has now changed to Bourgogne Côte Chalonnaise "Les Clous Aime". Nothing changes to the wine itself, only the name has been modified. The rediscovered "history" of this climat allowed us, in fact, to rediscover its original appellation and therefore specify it. We find in this wine the same harmony than in the Bouzeron: fresh, mineral, fruity and at the same time refreshing, with a ample and supple flesh.

It wine being matured and vinified the most natural way possible, we would recommend that you leave it settle in your cellar and let it breath before any tasting.
