DÉGUSTATION

Even if on the nose, we perceive the beautiful maturity of the grapes. It remains airy, rich with not only fresh aromas of red and black cherries, almost of raspberries and floral notes similar to violet or rose petals.

The palate is very fresh expressing some kind of fruity acidity, rich and soft on the finish emanating a subtle minerality really salivating and a light rusticity making it very gourmand which suits well.

To drink now after a leaving it to breathe for a short period or decanting. Otherwise, you can wait and drink it after 5 years.
